

LIGHTEN THE LOAD

WITH POPULATED INSERTS AND CUSTOM ASSEMBLIES FROM **PRINCIPAL SLOAN**!

Principal Sloan, a proven and trusted industry leader in sign cabinet retrofit solutions, now offers populated inserts for greater labor efficiency in new and existing signage projects.

LESS LABOR. MORE LIGHT.

Populated inserts save time and labor on large-scale sign projects requiring significant peeling and sticking of LED modules.

Principal Sloan can also “kit” your project with custom wiring guides and section labeling for greater productivity and ease of installation.

FAST, EASY ORDERING & INSTALLATION!

Connect with our sales team to schedule a call to discuss your project's needs. We'll create a prototype to determine the module count and placement and generate a quote. Once approved, we'll cut and populate the inserts and ship them to you!

HIGHLY ADAPTABLE.

Populated inserts are customizable in a variety of ways to suit your project specifications, including:

- Insert shapes/sizes
- Types of LED modules utilized
- Wire whip lengths
- Inclusion (or exclusion) of power supplies, dimmers, switches, and controls
