

FIND THE SWEET SPOT OF BRIGHTNESS & IMPACT

Not all brand imaging projects have the same priorities—and that's exactly why our module lineup gives you options.

Whether you're focused on maximum value, premium performance, or the perfect balance of both, Prism Synergy Mods Gen 2 and Qwik Mod 12V & 24V Gen 2 each deliver reliable illumination tailored to your application and budget.

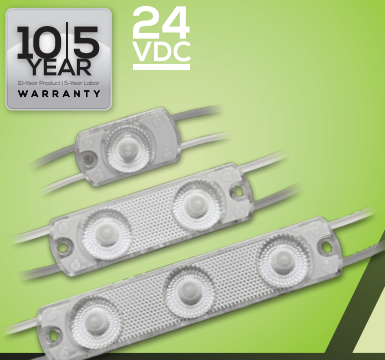

MOST EFFICIENT OPTION

PRISM SYNERGY MODS GEN 2

High-performance 24V LED channel letter illumination

\$\$\$ /Lumen

- Available in complete range of sizes and colors
- Brighter, more uniform illumination with enhanced optical performance
