NEW

Tap Out™ **Hanley One Mod**

24V LED channel letter illumination

Tap Out™ **Hanley One Stik**

24V LED illumination for new & retrofit sign cabinet applications

- 40% more run footage than 12V systems
- Constant current design eliminates light loss across strand
- More mods in a series for faster installation
- Fewer connection points leads to fewer potential points of failure

ONE SOLUTION

NO COMPROMISE

24V and Constant Current combination for improved output consistency across the strands compared to 12V constant voltage competitors and more modules per series (cascade)

TAP OUT

Ultrasonically welded body provides an IP68 rating for superior protection against water ingress

Verified 3M™ VHB™ tape

Slim design for greater versatility in smaller/shallow channel letters and signs

Smart packaging

TOTAL SYSTEM COMPARISON

Sign height: P = 30" Sign depth: 5" Total modules: 96 Face material: Not specified

	Tap Out™ Hanley One Mod	Hanley Kestrel 2100	Competitor 1 Module 1	Competitor 1 Module 2
Voltage	24 VDC	12 VDC	12 VDC	12 VDC
Power	0.95 W	1.00 W	1.20 W	0.80 W
Max. mods per power supply	96	60	50	70
Power supplies required	1 (96W 24V power supply)	2 (60W 12V power supply)	2 (60W 12V power supply)	2 (60W 12V power supply)
Max. mods in series	48	20	25	25
